"You said you wanted normal, Gabe. Riley is your normal."

After nearly ten years of moonlighting as a professional escort, Gabriel Maddox is good at giving women the forbidden pleasures they crave. They donâ€™t need to know that something inside of him dies a little each time he does it or that his desperate need for cash is the only reason he canâ€™t walk away. They just need to know that to get what they want, they have to play by his rules.

Riley Sinclair is starting over. Sheâ€™s left dry, dusty Texas and her ultra conservative, fanatically religious parents and cheating, mean-spirited fianc  behind for a new life in Seattle. But one look at her stunningly gorgeous new neighbor Gabe brings back all the insecurities sheâ€™s trying to escape.

Gabe can only offer Riley pleasure but when she discovers that his perfect outside hides something terribly broken on the inside, will she risk her heart to give him what he needs?
